

# Class Instructions for Feb. 20, 2018

## Prior to Class:

Under the Fruit Crops Module, read the Overview and Chapter 7 (Home Orchards) from online Blackboard or your thumb drive.

- Read Publications: EB0838 “Why Fruit Trees Fail to Bear”, PNW0400 “Training and Pruning your Home Orchard” EB0937 “Fruit Handbook for Western Washington: Varieties and Culture”, and EC1005 “Pruning to Restore an Old, Neglected Apple Tree”.
- Watch the following videos from Chapter 7: “Increasing Light Exposure”, “Harvesting Apples” and “Different Fruits”.

Under the Woody Landscape Plants Module, read Overview and Chapter 21 (Pruning Woody Landscape Plants) from online Blackboard or your thumb drive.

- Read Publications: EB1619 “Pruning Landscape Trees”, and EB1034 “Fertilizing Landscape Trees and Shrubs”.
- Watch the following videos from Chapter 21: “Height Reduction” and Pruning for Disease”.

## Morning Classes:

### Home Orchards:

## Afternoon Classes:

### Pruning

**Tour to Providence Place Demonstration Garden to do fruit tree pruning, view pruning done correctly and incorrectly, and view the oldest of our Demonstration Gardens which is one of the only gardens in Washington State that is directly connected and shared with senior residents. We will be carpooling Providence Demonstration Garden is approximately 3 miles away from the classroom. Please dress for the weather!**

If you have any problems or questions especially with Blackboard, please send them to me via e-mail [art.fuller@lewiscountywa.gov](mailto:art.fuller@lewiscountywa.gov) or call the office 360-740-1216.
