Composting Basics

(Preregistration req 360-740-1216)
August 2, 2017; 6 - 8 P.M.

Napavine City Hall, 407 Birch Avenue SW, Napavine

If you've tried composting unsuccessfully or want to learn how to compost, this workshop is for you. Composting is part art & part science, kind of like baking a cake. We'll demystify that process & help you get started producing good-quality compost for your garden & landscape.

Drought Resistant Gardening

August 5, 2017; 10 - 11 AM

Fort Borst Demonstration Garden, Centralia
(btwn the Historic Borst Home & Schoolhouse)

Drought tolerance refers to the degree to which a plant adapts to arid or drought conditions in landscapes & is an important consideration in plant selection. Learn what plants can stand up to drought conditions.

Heirloom Gardening

August 12, 2017; 1:30 - 3 PM

Fort Borst Demonstration Garden, Centralia, WA
(btwn the Historic Borst Home & Schoolhouse)

The term Heirloom means different things to different people whether varieties grown for several years, handed down from generation to generation or a minimum time-frame. But all heirloom plants are open-pollinated that breed true to their type.

Grain Threshing

August 19, 2017; 10 - 11 AM

Salkum Library Demonstration Garden
2480 US Hwy 12, Salkum

Threshing is the process of loosening the edible part of cereal grain (or other crop) from the scaly, inedible chaff that surrounds it. Learn the process for a small scale garden.

Growing & Caring for Hydrangeas

August 26, 2017; 10 - 11 AM

Providence Place Demonstration Garden
350 SE Washington Avenue, Chehalis

A beautiful addition to any flower garden. Learn the secrets of caring, pruning, changing color of this beautiful and easy to grow ornamental.
