Recycle Your CLEAN Plant Pots!

Worm Composting

(pre registration req 360-740-1216)

May 3, 2018; 6 - 8 PM

Salkum TR Library, 2480 US Hwy 12, Salkum, WA

Worm composting, is a process in which red wiggler worms & micro-organisms are used to convert kitchen fruit & vegetable waste into nutrient-rich, humus. Enrich your gardens with this "black gold".

Dividing, Planting & Growing Dahlias

May 5, 2018; 10 A.M.

Borst Demonstration Garden, Centralia, WA

Dahlias provide a much desired color to summer & fall gardens. Knowing what to do with the tubers after storing them or using proper dividing techniques they will multiply each year to provide many more plants to divide or store for the following year.
